2025

WHO WE ARE

MISC was established in 1999. With over 25 years of experience, we are dedicated to serving the Oil & Gas industry with innovative, state-of-the-art solutions that enhance both productivity and availability.

OUR GOALS

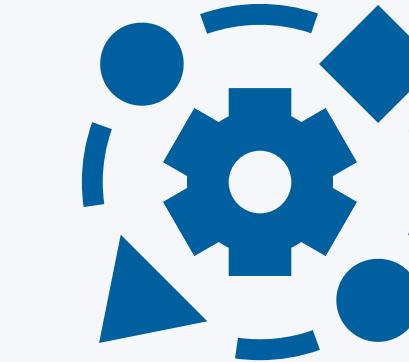

- Client Satisfaction

- Delivering Excellence and Quality in Products and Services

- Building Lasting, Long-term Partnerships with Ongoing Support

- Flexibility and Market Adaptability

KEY PARTNERS

- Siemens: The only Solution Partner for Process Automation and the First Factory Automation Solution Partner.
- Honeywell: Certified as channel partners in Field instrumentation and Control systems.

SIEMENS

- Factory Automation Experts
- Process Control Experts
- Food & Beverage
- Solution Partner Reference

Honeywell

- Process Instrumentation
- Field Instrumentation & Control Systems.
- Experion LX Software
- Experion LX Controller & IO
- Hardware
- Channel Partner Reference

OUR PARTNERS

SERVICES

Service and Maintenance contracts

We provide preventive & corrective maintenance for PLC, SCADA, and control packages, including full system assessment, criticality ranking, spare-parts calculation, routine backups, version control, and remote diagnostics.

We also offer on-site and in-office training with 16+ specialized programs using real control kits.

Industrial Spare Parts

MISC holds one of Egypt's largest stocks of Siemens modules, HMIs, power supplies, communication cards, Profibus accessories, and legacy system replacements.

Fast availability ensures reduced downtime and reliable plant operation.

Global Partnerships

Our technology ecosystem includes: TSS4UME (energy systems), PEKOS (valves), Nacional Valves (pressure/safety), ZALUX (industrial lighting), Honeywell (Field Instrumentation & Control Systems), and Siemens. Partner certificates and product sheets are available upon request.

Turnkey Automation Solutions

End-to-end project delivery including: system design, control panel engineering, SCADA/HMI development, instrumentation integration, FAT/SAT, and operator training.

We ensure safe, reliable, and scalable automation across all industrial sectors.

SAMPLE PROJECTS

- DCS for LPG plant

- Upgrade Control System of Boiler 40T/hr

- Process Control & ESD system for Spent oil plant

- ZOHR Seawater Reverse Osmosis (SWRO) Desalination Plant

MAJOR EXECUTED SYSTEMS

Boiler Control Systems

- Suez Oil Petroleum Company "SOPC"
- Alexandria Petroleum Company "APC"
- Nubaria Sugar Company
- Alexandria National Refining & Petrochemicals Company "ANRPC"
- Suez Oil Petroleum Company "SOPC"

Nitrogen Plant Process Control

- Middle East Oil Refinery "MIDOR"
- Abo Qir Fertilizers
- Oriental Petrochemicals Company "OPC"
- Alexandria Minerals Company "AMOC"

Compressors Control

- Middle East Oil Refinery "MIDOR"
- Alexandria Mineral Oil Company "AMOC"

Fire & Gas Monitoring and Detection Systems

- Enppi- General Petroleum Company "GPC"
- Belayem Petroleum Company "PETROBEL"
- Petrosafe – General Petroleum Company
- "GPC" Suez Oil Petroleum Company "SOPC"

Heater Process Control & BMS

- Belayem Petroleum Company "PETROBEL"
- Alexandria Mineral Oils Company "AMOC"
- General Petroleum Company "GPC"

“Engineering is clarity — when systems run as they should, people work at their best.”

Mohamed Abdel Sattar, Founder
